Kermit the Photographer.

Kermit the Photographer.

Kermit Rooswott, the President's second son, a young man of nineteen years, is to be the official photographer of the expedition. His collection of photographs of animals and scenes will be made use of in a scientific way and as illustrations for books and articles which his father will write. Young Mr. Roosevelt is a student at Harvard University, and a great favorite of his latter. He has spent considerable time in preparing himself for the work he is to undertake. her. He has spent considerable to in preparing himself for the work is to undertake.

There is not a member of the party who is not an excellent rifle shot, and assurances have been given that not tudy of the camera and photographic the least fear need be entertained for tiods. He also experimented in taking to the contract of the animals at the away. It is notited out that the party plosical Gardens in New York.
